

## Informed FHIR Consent - Research Study

This template is used for demonstration purposes to show, in human readable form, selections made by patient while completing the "Clinical Trials" questionnaire.

**Study Title:**

**Study Description:**

**With my consent I acknowledge** that I have reviewed the information related to this research study and wish to participate in it. My clinical information will now be made available to the sponsoring organization and its investigators for review as part of the screening and eligibility process. At anytime I may revoke this consent and withdraw my participation.

**I consent, and wish to participate in this study**

**I decline, and will not participate in this study**

**Patient's Name Printed**

**Date**
